1. Clinical Excellence

Regal's unique team of registered Nurses will assess what matters to you and identify any areas of risk to your ongoing wellbeing.

2. Define Your Needs

We will work with you to identify realistic goals, timeframes and develop a care plan to realise optimal care outcomes.

3. Fund Your Care

We have trusted partnerships and the experience to help you navigate how best to fund the care you need.

4. Agree On Service Plan

Together we can make a plan that can be adjusted with you as your health and care needs change.

5. Monitor & Feedback

We will track your progress, engage clinicians and care workers as required to help you receive the care you need for the life you lead.
